Dear Mr. O'Connor

I was very pleased to receive your letter with your praise of Gyl. He used to say if you found something you would be a hero other wise you were a damn fool. Any way it was pleasant to hear that he had accomplished something constructive.

You asked about the ownership of the Island. I would say Gyl sold all the property he owned up there and as you said to Mr. Sewis, for how much I have no idea as I was never told.

About the picture I had one that was taken in his boat up there but I just can not find it. I am sending you a picture in fact a couple that were taken about that time. I do want them back please.

Oh! before I close did anyone ever say anything about the "tea room", they had on the Island? Whether this was a one season affair I do not know but it was for the convenience of the tourists.

We will be looking forward to having a visit with you in Florida. My brother Jack Collier who lives near by said he would like to meet you when you come to Kissimmee.

Hope every thing goes well with your book.

Sincerely
Marguerite Hedden
